The Old Reliable Sells & Rentfrow's Shows.

Many of our older readers will recall the name of the well-known establishment, that exhibits in our city June 7th, with pleasure. With many of them it brings vividly to mind the first elephant they ever saw. There is a whole sermon in the career of this show. It proves that when any concern becomes known as an honestly conducted one, and fulfills its promises to the public, that it succeeds, and the business flourishes and becomes a fixture, to be handed down from generation to generation. proves also the truth of the old proverb that "Honesty is the best policy." The career of Sells & Rentfrow's show from 1880 to the present time has been one of continued success. And the proprietors deserve it. They have given the public the worth of their money. In these days of humoug it is really refreshing to be able to speak in terms of praise of an Drug Store. Large bottles 50c and \$1. amusement enterprise. This year the managers promise us a new surprise in the shape of the largest elephant on arth. The largest creature that breathes the breath of life. This will be indeed a great curiosity. The whole show is said to be exceptionally good, and we will miss our guess if their teuts are not packed on the day of exhibition. As this will be the only big show to visit this section this year, we advise all our readers to be sure and see it.

It is a fixed and immutable law that t have good, sound health one must have pure, rich and abundant blood. There is no shorter or surer route than by a course of De Witt's Sarsaparilla.
